

About WEG

Providing excellence and consistent professionalism in any and every facet of the entertainment industry is the motto of Walker Entertainment Group.

With more than 20 years in music industry experience and a business savvy father that promoted excellence, Ernest Walker is a productive leader that presents meticulous quality with every event and artist. President/CEO Ernest Walker created W.E.G. in order to provide a complete turnkey package of services relative to the entertainment industry. "I saw what was and wasn't happening in the business," says Walker, who is a professional drummer. "So, I decided I wanted to be a giver and not a taker and help promote an industry that is such a vital part of pretty much everyone's life."

With Walker at the helm holding those working with him accountable for their own actions, W.E.G. has grown to be an acclaimed firm with an outstanding reputation and a high level of professionalism. W.E.G. is also known as a results oriented company that delivers – most importantly delivers on time and on budget – for each and every contract or agreement that is signed. This has resulted in repeat clients and a steady increase in clientele.
